

ABRUPT CLIMATE CHANGE

- What is it? How much time do we have?
- Where does the climate presently stand?
- What are the current indicators of change?

Dr. Guy McPherson (In Chico, CA)

Abrupt Climate Change - Bigger, Badder, Sooner!
Finding peace and purpose in urgent times

"If you think the economy is more important than the environment, try holding your breath while you count your money." — Dr. Guy McPherson

Friday, March 13

Chico Card Center, 545 Vallombrosa Ave.

6:30 PM–8 PM — Connecting The Dots: The New Picture of Abrupt Climate Change Lecture, Q&A, With Discussion
